

MALTESE FALCON

OVERVIEW.

The instantly recognisable 88m (288.6ft) MALTESE FALCON is celebrated among the finest superyachts in the world having won a host of awards, and are still acclaimed as one of the world's most innovative sailing yachts today. Now, this truly iconic yacht is better than ever having undergone a remarkable transformation. A significant double refit in summer 2022 and winter 2022-23 has elevated this iconic superyacht to new heights of luxury and performance, incorporating a series of impressive upgrades.

As well as a gleaming hull repaint, there is a new extendable passerelle that takes you all the way down to the water where there is a new inflatable platform for beach-club sea-level living. The flybridge has a new circular sunbed that rotates with the sun. Inside you'll find her guest areas brighter and more welcoming with lighter woods, cream panels, and new tapestries.

There's a new cinema room on the main deck, a redesigned Japanese-style dining room and her gym shares a state-of-the-art MS Sculpt electric muscle stimulator with the massage room. As well as the latest Starlink Wi-Fi throughout and a wheelhouse brimming with the latest technology, she now operates more sustainably with LED lighting throughout, a new engine control room and new generators for lower noise and vibration.

Her signature features remain, including the three-deck sky-lit atrium, where the stairs gracefully spiral around the main mast – a masterpiece in modern yacht design and yet another of MALTESE FALCON's iconic features. The world's largest outdoor cinema, projecting movies onto the lower sail, continues to offer a unique cinematic experience as you watch from the flybridge. The main deck aft, now shaded by a stylish new hardtop, has been further enhanced for entertainment, with open-air dining aft and a revamped circular sit-up bar adorned with cream marble and new sound and light systems.

On the water, you'll find whatever you're looking for in MALTESE FALCON's garage of brand-new toys. She has a 33ft Pascoe tender to ferry guests into port or onto a deserted beach for a BBQ and thrill them on waterskis and wakeboards. SeaBobs, kayaks, SUPs, jet surfs, snorkelling equipment, windsurfers - she has plenty to keep you entertained.

The full-beam master suite on the lower deck provides a luxurious space to rest at the end of the day, featuring a large walk-in wardrobe, adjoining gym, and his-and-hers bathrooms, now featuring a jacuzzi bath in addition to a shower room. Alternatively, guests may choose the private VIP deck on the flybridge, offering an aft-facing terrace, walkaround side decks and a brand-new bed with a concealed rising TV. Four additional double cabins on the lower deck, each with en suite facilities, complete the accommodation.

Be among the first to experience the reborn MALTESE FALCON. Contact Burgess today to book your charter aboard this icon of the seas.
